

Symposium on Nanostructured Surfaces and Interfaces

Johannes Kepler Universität Linz, April 13, 2012, HS 15 (Management-Center)

13:00	Opening	
13:15	<i>Friedrich Schäffler JKU Linz</i>	Overview: NSI Project Cluster
Bio-Nanotechnology		
13:30	<i>Georg Fantner EPF Lausanne</i>	High-Speed AFM studies of biological membranes
14:10	<i>Dario Anselmetti U Bielefeld</i>	Bionanoanalytics: from microfluidics, nanopores and piconewton force mechanics
14:50	Break	
15:20	<i>Stefan Howorka UC London</i>	Nanostructured and Biofunctionalized Surfaces
Nanocomposites		
15:45	<i>Maksym Kovalenko ETH Zurich</i>	Nanocrystal Synthesis and Applications
16:25	<i>Dieter Holzmann Tiger Coatings</i>	Nanocrystals for industrial coating applications
Nanoanalytics		
16:50	<i>Gerald Kothleitner FELMI Graz</i>	Analytical Transmission Electron Microscopy
17:15	<i>Friedrich Schäffler</i>	Closing remarks
17:30	Exhibition and Buffet
